

# JOURNAL OF THE HOUSE

Second Regular Session, 103rd General Assembly

[CORRECTED]

TWENTY-THIRD DAY, WEDNESDAY, FEBRUARY 18, 2026

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

*I have strength for anything through Him who gives me power. (Philippians 4:13)*

In Your presence, we pause for a brief moment on this Ash Wednesday, lifting our hearts unto You in morning prayer. As we pray, our strength is renewed, our courage restored, and our path is made clear. What we felt we could not do, now we can do; what we thought hopeless is now full of hope; what seemed impossible now becomes possible. We are ready for anything that comes our way today through the strength of Your Spirit living in our hearts.

Bless our wonderful State with Your favor and make her a channel for peace, reconciliation, and justice in the minds and hearts of all our people, not just a few who support us but all who desire the gifts of eternal joys in Your Kingdom of Mercy.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-second day was approved as printed by the following vote:

  - (6) Notary fee or electronic transmission per processing, two dollars.
2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3), 501(c)(6), or 501(c)(4), except those civic organizations that would be considered action organizations under 26 C.F.R. Section 1.501 (c)(3)-1(c)(3), of the Internal Revenue Code of 1986, as amended, with special consideration given to those organizations and entities that reinvest a minimum of seventy-five percent of

Notwithstanding any provision of law to the contrary, the director of revenue shall not award any fee office contract under this section to any entity affiliated in any manner with a current employee of the department of revenue or with a former employee of the department of revenue for the one-year period following the former employee's termination of employment with the department. For purposes of this subsection, "affiliated in any manner" includes owning the entity or serving as an officer or board member of such entity. 3. Notwithstanding any other provision of law to the contrary, the director of revenue shall have the authority to enter into a contract amendment or renewal, for any contract for a fee office awarded through the competitive bidding process after September 1, 2009, to extend such contract for up to a five-year period to begin after the expiration date of such contract. The director of revenue shall evaluate performance under the contract when deciding whether to enter into contract amendments or renewals authorized in this subsection. Nothing shall obligate the director to offer such extension or renewal. A competitively awarded contract may only be extended once pursuant to this subsection.

4. All fees authorized under this section collected by a contract fee office may be retained and used by the entity operating the contract fee office, and all fees authorized under this section collected by a fee office operated by the department of revenue shall be considered state revenue.

5. All fees charged shall not exceed those in this section. The fees authorized under this section shall be collected by all contract fee offices and shall be collected by all full-time or temporary offices operated by the department of revenue.

8. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. "137.016. 1. As used in Section 4(b) of Article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. **A single-family home owned by a sole proprietor, individual, partnership, or limited liability company that is leased for a term of less than thirty consecutive days, in whole or in part, subject to sales tax under subdivision (6) of subsection 1 of section 144.020 shall be classified only as residential property.** For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020; **the leasing of a single-family home, in whole or in part, for a term of less than thirty consecutive days does not in itself constitute "transient housing";**

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include any reliever airport. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421. Agricultural and horticultural property shall also include urban and community gardens. For the purposes of this section, "urban and community gardens" shall include real property cultivated by residents of a neighborhood or community for the purposes of providing agricultural products, as defined in section 262.900, for the use of residents of the neighborhood or community, and shall not include a garden intended for individual or personal use;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the state Constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the Constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section, provided that the portion of property used or held for use as an urban and community garden shall not be residential property. This subsection shall not apply to any reliever airport.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;
- (3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;
- (4) Other legal restrictions on the use of such property;
- (5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
- (6) Size of such property;
- (7) Access of such property to public thoroughfares; and
- (8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution."; and

A motor vehicle _____ (insert levy amount multiplied by 10,000 multiplied by 0.00333) per \$10,000 of appraised valuation."

- 3. Notwithstanding any other provision of law to the contrary, no political subdivision or election authority shall advertise or describe any proposed tax on property in a political subdivision as not increasing taxes, or any language to that effect, unless both:
  - (1) Failing to adopt the proposed measure would cause an actual increase in the tax rate; and
  - (2) Adopting the proposed measure would cause the tax rate to stay the same or decrease.
- 4. The ballot language statements shall fairly and accurately explain what a vote for and what a vote against the measure represent. The ballot language shall be true and impartial statements of the effect of a vote for and against the measure in language neither intentionally argumentative nor likely to create prejudice for or against the proposed measure."; and

2. In any county of the first classification with a population of at least nine hundred thousand inhabitants, when there is an order of the board of equalization or the state tax commission, including a settlement order, relating to the assessment of property, the assessment shall remain the same for the subsequent even-numbered year unless there has been new construction or property improvements between January first of the odd-numbered year and January first of the following even-numbered year. **However, in the event of a transfer of ownership of real property on or after January first of an even-numbered year, the new owner shall be entitled to appeal the assessed value directly to the state tax commission by no later than December thirty-first of the same year,**

even if the prior owner appealed the value in the previous odd-numbered year and the appeal resulted in an order of the board of equalization or state tax commission. In any such appeal by a new owner, the state tax commission shall have authority to lower the assessed value for the even-numbered year.

3. In any county of the first classification with a population of at least nine hundred thousand inhabitants, when a hearing is conducted by the board of equalization pursuant to this chapter, if the property owner requests to be heard by a majority of the board of equalization, and a majority of the board of equalization is not in attendance for any reason, the position of the property owner shall prevail without further action."; and

Further amend said bill, Page 11, Section 138.430, Line 55, by inserting after all of said section and line the following:

"138.434. In any ~~first-class~~ charter county or a city not within a county ~~[may require by ordinance or charter the reimbursement to]~~, a taxpayer ~~[for the amount of just and reasonable appraisal costs, attorney fees and court costs]~~ **shall be entitled to an award of all attorney's fees and costs of litigation** resulting from an evidentiary hearing before the state tax commission or a court of competent jurisdiction **including, but not limited to, attorney's fees, appraisal costs, witness fees, and court costs, whether paid directly by the taxpayer or paid by an attorney, tax agent, or other third party**, if such appeal results in a final decision reducing the appraised value of residential property by at least fifteen percent or the appraised value of utility, industrial railroad and other subclass three property by at least twenty-five percent from the appraised value determined by the board of equalization for that tax year. The commission or court awarding such fees and costs shall consider the reasonableness of the fees and costs within the context of the particular case. Such fees and costs shall not exceed ~~[one]~~ **five** thousand dollars for a residential property appeal. Such fees and costs for utility, industrial railroad or other subclass three property appeals shall not exceed the lesser of ~~[four]~~ **five** thousand dollars or twenty-five percent of the tax savings resulting from the appeal. The provisions of this section shall only apply to the first contested year when cases are tried on a consolidated basis.

139.031. 1. Any taxpayer may protest all or any part of any current taxes assessed against the taxpayer, except taxes collected by the director of revenue of Missouri. Any such taxpayer desiring to pay any current taxes under protest or while paying taxes based upon a disputed assessment shall ~~[, at the time of paying such taxes,]~~ make full payment of the current tax bill before the delinquency date and file with the collector **before the delinquency date** a written statement setting forth the grounds on which the protest is based. The statement shall include the true value in money claimed by the taxpayer if disputed. An appeal before the state tax commission shall not be dismissed on the grounds that a taxpayer failed to file a written statement when paying taxes based upon a disputed assessment.

2. Upon receiving ~~[payment of current taxes under]~~ **written notice of protest** under subsection 1 of this section or upon receiving from the state tax commission or the circuit court notice of an appeal from the state tax commission or the circuit court under section 138.430, ~~[along with]~~ **and** full payment of the current tax bill before the delinquency date, the collector shall disburse to the proper official all portions of taxes not protested or not disputed by the taxpayer and shall impound in a separate fund all portions of such taxes which are protested or in dispute. Every taxpayer protesting the payment of current taxes under subsection 1 of this section shall, within ninety days after filing ~~[his]~~ **such taxpayer's** protest, commence an action against the collector by filing a petition for the recovery of the amount protested in the circuit court of the county in which the collector maintains ~~[his]~~ **the collector's** office. If any taxpayer so protesting ~~[his]~~ **such taxpayer's** taxes under subsection 1 of this section shall fail to commence an action in the circuit court for the recovery of the taxes protested within the time prescribed in this subsection, such protest shall become null and void and of no effect, and the collector shall then disburse to the proper official the taxes impounded, and any interest earned thereon, as provided above in this subsection.

3. No action against the collector shall be commenced by any taxpayer who has, effective for the current tax year, filed with the state tax commission or the circuit court a timely and proper appeal of the assessment of the taxpayer's property. The portion of taxes in dispute from an appeal of an assessment shall be impounded in a separate fund and the commission in its decision and order issued under chapter 138 or the circuit court in its judgment may order all or any part of such taxes refunded to the taxpayer, or may authorize the collector to release and disburse all or any part of such taxes.

4. Trial of the action for recovery of taxes protested under subsection 1 of this section in the circuit court shall be in the manner prescribed for nonjury civil proceedings, and, after determination of the issues, the court shall make such orders as may be just and equitable to refund to the taxpayer all or any part of the current taxes paid under protest, together with any interest earned thereon, or to authorize the collector to release and disburse all or

any part of the impounded taxes, and any interest earned thereon, to the appropriate officials of the taxing authorities. Either party to the proceedings may appeal the determination of the circuit court.

5. All the county collectors of taxes, and the collector of taxes in any city not within a county, shall, upon written application of a taxpayer, refund or credit against the taxpayer's tax liability in the following taxable year and subsequent consecutive taxable years until the taxpayer has received credit in full for any real or personal property tax mistakenly or erroneously levied against the taxpayer and collected in whole or in part by the collector. Such application shall be filed within three years after the tax is mistakenly or erroneously paid. The governing body, or other appropriate body or official of the county or city not within a county, shall make available to the collector funds necessary to make refunds under this subsection by issuing warrants upon the fund to which the mistaken or erroneous payment has been credited, or otherwise.

6. No taxpayer shall receive any interest on any money paid in by the taxpayer erroneously.

7. All protested taxes impounded under protest under subsection 1 of this section and all disputed taxes impounded under notice as required by section 138.430 shall be invested by the collector in the same manner as assets specified in section 30.260 for investment of state moneys. A taxpayer who is entitled to a refund of protested or disputed taxes shall also receive the interest earned on the investment thereof. If the collector is ordered to release and disburse all or part of the taxes paid under protest or dispute to the proper official, such taxes shall be disbursed along with the proportional amount of interest earned on the investment of the taxes due the particular taxing authority.

8. Any taxing authority may request to be notified by the county collector of current taxes paid under protest. Such request shall be in writing and submitted on or before February first next following the delinquent date of current taxes paid under protest or disputed, and the county collector shall provide such information on or before March first of the same year to the requesting taxing authority of the taxes paid under protest and disputed taxes which would be received by such taxing authority if the funds were not the subject of a protest or dispute. Any taxing authority may apply to the circuit court of the county or city not within a county in which a collector has impounded protested or disputed taxes under this section and, upon a satisfactory showing that such taxing authority would receive such impounded tax funds if they were not the subject of a protest or dispute and that such taxing authority has the financial ability and legal capacity to repay such impounded tax funds in the event a decision ordering a refund to the taxpayer is subsequently made, the circuit court shall order, *pendente lite*, the disbursement of all or any part of such impounded tax funds to such taxing authority. The circuit court issuing an order under this subsection shall retain jurisdiction of such matter for further proceedings, if any, to compel restitution of such tax funds to the taxpayer. In the event that any protested or disputed tax funds refunded to a taxpayer were disbursed to a taxing authority under this subsection instead of being held and invested by the collector under subsection 7 of this section, the taxpayer shall be entitled to interest on all refunded tax funds, **from the date that the disputed taxes were distributed to a taxing authority through the date of the refund**, at the ~~annual rate~~ rates calculated by the state treasurer and applied by the director of revenue under section 32.068. This measure of interest shall only apply to protested or disputed tax funds actually distributed to a taxing authority pursuant to this subsection. In the event of a refund of protested or disputed tax funds which remain impounded by the collector, the taxpayer shall instead be entitled to the interest actually earned on those refunded impounded tax funds under subsection 7 of this section. Any sovereign or official immunity otherwise applicable to the taxing authorities is hereby waived for all purposes related to this subsection, and the taxpayer is expressly authorized to seek an order enforcing this provision from the circuit court that originally ordered the distribution of the protested or disputed funds, or directly from the state tax commission, if the tax appeal that resulted in the refund was heard and determined by the state tax commission.

9. No appeal filed from the circuit court's or state tax commission's determination pertaining to the amount of refund shall stay any order of refund, but the decision filed by any court of last review modifying that determination shall be binding on the parties, and the decision rendered shall be complied with by the party affected by any modification within ninety days of the date of such decision. No taxpayer shall receive any interest on any additional award of refund, and the collector shall not receive any interest on any ordered return of refund in whole or in part. **In the event that a taxpayer is entitled to a refund, the collector shall issue the refund to the taxpayer within thirty days of the date that the circuit court's or state tax commission's determination establishing the amount of the refund becomes final, and if the collector does not issue the refund within thirty days, the taxpayer shall be entitled to interest on the refund at the rate established by the director of revenue under section 32.065 for the period of time after the expiration of the thirty days until the refund is issued, in addition to all other interest due to the taxpayer under this section.**"; and
