

JOURNAL OF THE HOUSE

Second Regular Session, 103rd General Assembly

FORTY-EIGHTH DAY, WEDNESDAY, APRIL 8, 2026

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

If My people humble themselves, and pray, and seek My face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and heal their land. (II Chronicles 7:14)

Almighty Creator, at this sacred moment of morning prayer we pause in silence before You, seeking the wise guidance of Your enlightening spirit as we face the decisions that surround us.

Help us to see the way and give us the courage to walk in it, that we may promote the values which have made our state great and possess the virtues which have kept her strong and true.

During this time when debate is in the air, when stress seems at times triumphant, and goodness so weak, may we be sure of You and know that behind the shadows stands Your bright presence, which never fails or abandons us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-seventh day was approved as printed by the following vote:

SPECIAL RECOGNITION

Debby Huang, Director General of the Taipei Economic and Cultural Office, was introduced by Speaker Patterson and delivered the following message to the House.

ADDRESS BY DEBBY HUANG DIRECTOR GENERAL OF THE TAIPEI ECONOMIC AND CULTURAL OFFICE

Speaker, honorable members of the legislature, distinguished guests, ladies and gentlemen,

It is truly a pleasure and a great honor to be here with you today.

At the outset, I would like to express my sincere appreciation to the Missouri Legislature for its longstanding and unwavering support for Taiwan. Your annual passage of pro-Taiwan resolutions carries great meaning for the people of Taiwan. It is also a special honor for us to be here today to witness this important gesture of friendship and to have the opportunity to address this distinguished body.

At a time when the world is facing increasing uncertainty, Taiwan stands firm in its commitment to democracy, freedom, and the rule of law. These are not just ideals we uphold domestically, but values we proudly share with the United States. For decades, Taiwan and the U.S. have built a strong and enduring partnership grounded in these shared principles.

This year marks a meaningful milestone for Taiwan. We celebrate the 30th anniversary of our first direct presidential election in 1996. For the people of Taiwan, democracy is not abstract—it is a lived experience. Through free and fair elections, our citizens determine their own future. Democracy and freedom are at the very core of Taiwan's identity.

Taiwan is also a responsible and reliable partner to the international community. With a population of 23 million and limited natural resources, we have focused on innovation, advanced manufacturing, and cultivating world-class talent. Over the years, Taiwan has actively engaged in global trade and diversified our economic partnerships.

While Taiwan once relied heavily on the Chinese market, we have successfully expanded our economic ties with the United States and other like-minded countries. Today, the United States is one of Taiwan's most important economic and trade partners, and Taiwan is the fourth-largest trading partner of the United States.

At the same time, Taiwanese companies continue to expand their investment in the United States, particularly in high-tech and advanced manufacturing sectors. Through ongoing dialogue, improved market access, and strengthened supply chain cooperation, Taiwan and the United States are creating more mutually beneficial opportunities together.

Missouri is an important partner in this relationship.

The state's strengths in agriculture, advanced manufacturing, and logistics make it a natural partner for Taiwan. The United States is Taiwan's largest source of agricultural imports, and products from states like Missouri play an important role in supporting Taiwan's food security.

We also see strong potential for deeper cooperation in areas such as supply chains, investment, and innovation. As Taiwanese companies continue to expand in the United States, Missouri offers a welcoming environment with its central location, strong workforce, and growing industrial base.

We look forward to strengthening exchanges with Missouri and exploring new opportunities for collaboration that will benefit both sides.

One area where our partnership is especially critical is in the semiconductor supply chain. Taiwan plays a key role in the global semiconductor ecosystem. Together, Taiwan and the United States are working to enhance supply chain resilience and ensure the security and stability of critical technologies.

Beyond semiconductors, Taiwan is also advancing rapidly in artificial intelligence. We look forward to deepening cooperation with the United States to drive innovation and ensure that AI technologies contribute positively to human well-being.

However, we must also recognize the challenges we face.

China's actions in recent years have increasingly diverged from the commitments it made when joining the international system. Its growing pressure on Taiwan not only threatens Taiwan, but also impacts the United States and democracies around the world. Its strategic objective is to challenge and reshape the existing international order.

In response, Taiwan is working closely with its partners. We appreciate the United States' continued commitment to Taiwan's security, including recent arms sales. Taiwan is also strengthening its self-defense capabilities and enhancing its overall resilience.

Together with the United States, Japan, the European Union, and other like-minded partners, we are committed to safeguarding economic security and maintaining peace and stability in the region.

This is an era filled with both challenges and opportunities. Taiwan is ready to further deepen its engagement with the United States—expanding trade, strengthening investment, and building an even closer partnership.

Together, we can create a future that is not only more prosperous, but also more secure and resilient.

Thank you.

Representative Van Schoiack assumed the Chair.

Further amend said bill, Page 39, Section 589.417, Line 27, by inserting after said section and line the following:

"632.489. 1. Upon filing a petition pursuant to section 632.484 or 632.486, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such probable cause determination is made, the judge shall direct that person be taken into custody and direct that the person be transferred to an appropriate secure facility, including, but not limited to, a county jail. If the person is ordered to the department of mental health, the director of the department of mental health shall determine the appropriate secure facility to house the person under the provisions of section 632.495.

2. Within seventy-two hours after a person is taken into custody pursuant to subsection 1 of this section, excluding Saturdays, Sundays and legal holidays, such person shall be provided with notice of, and an opportunity to appear in person at, a hearing to contest probable cause as to whether the detained person is a sexually violent predator. At this hearing the court shall:

(1) Verify the detainee's identity; and

(2) Determine whether probable cause exists to believe that the person is a sexually violent predator. The state may rely upon the petition and supplement the petition with additional documentary evidence or live testimony.

3. At the probable cause hearing as provided in subsection 2 of this section, the detained person shall have the following rights in addition to the rights previously specified:

(1) To be represented by counsel;

(2) To present evidence on such person's behalf;

(3) To cross-examine witnesses who testify against such person; and

(4) To view and copy all petitions and reports in the court file, including the assessment of the multidisciplinary team.

4. If the probable cause determination is made, the court shall direct that the person be transferred to an appropriate secure facility, including, but not limited to, a county jail, for an evaluation as to whether the person is a sexually violent predator. If the person is ordered to the department of mental health, the director of the department of mental health shall determine the appropriate secure facility, which may include **the department of corrections or** a county jail as set forth in section 632.495, to house the person. The court shall direct the director of the department of mental health to have the person examined by a psychiatrist or psychologist as defined in section 632.005 who was not a member of the multidisciplinary team that previously reviewed the person's records. In addition, such person may be examined by a consenting psychiatrist or psychologist of the person's choice at the person's own expense. Any examination shall be conducted in the facility in which the person is confined. Any examinations ordered shall be made at such time and under such conditions as the court deems proper; except that, if the order directs the director of the department of mental health to have the person examined, the director shall determine the time, place and conditions under which the examination shall be conducted. The psychiatrist or psychologist conducting such an examination shall be authorized to interview family and associates of the person being examined, as well as victims and witnesses of the person's offense or offenses, for use in the examination unless the court for good cause orders otherwise. One examination shall be provided at no charge by the department. All costs of any subsequent evaluations shall be assessed to the party requesting the evaluation.

632.495. 1. The court or jury shall determine whether, by clear and convincing evidence, the person is a sexually violent predator. If such determination that the person is a sexually violent predator is made by a jury, such determination shall be by unanimous verdict of such jury. Any determination as to whether a person is a sexually violent predator may be appealed.

2. If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the director of the department of mental health for control, care and treatment until such time as the person's mental abnormality has so changed that the person is safe to be at large. 4. The department of mental health is authorized to enter into an interagency agreement with the department of corrections for the confinement of ~~such~~ persons **ordered to the department of mental health after**

a determination by the court that such persons may meet the definition of a sexually violent predator or for the confinement of persons ordered to the department of mental health after a finding of probable cause under section 632.489, provided the department of corrections has necessary space and services available and the director of the department of corrections has agreed to provide such confinement through an interagency agreement with the department of mental health. Such persons who are in the confinement of the department of corrections pursuant to an interagency agreement shall be housed and managed separately from offenders in the custody of the department of corrections, and except for occasional instances of supervised incidental contact, shall be segregated from such offenders. **If the department of mental health and the department of corrections have entered into an interagency agreement as provided in this subsection, the department of corrections is authorized to enter into one or more contract agreements as may be necessary to perform the agreed upon responsibilities of the department of corrections under the interagency agreement including, but not limited to, a contract agreement with one or more licensed professionals or providers of health care services to provide health care services to the persons identified in this subsection.**

5. The department of mental health is authorized to enter into a contract agreement with one or more county jails in Missouri for the confinement of persons ordered to the department of mental health after a determination by the court that such persons may meet the definition of a sexually violent predator or for the confinement of persons ordered to the department of mental health after a finding of probable cause under section 632.489. Such persons who are in the confinement of a county jail pursuant to a contract agreement shall be housed and managed separately from offenders in the custody of the county jail, and except for occasional instances of supervised incidental contact, shall be segregated from such offenders.

6. **The department of mental health is authorized to enter into an interagency agreement with the department of corrections for the control and care, including health care services, of persons committed to the department of mental health by the court as a sexually violent predator, provided the department of corrections has necessary space and services available and the director of the department of corrections has agreed to provide such control and care through an interagency agreement with the department of mental health.** Such persons who are in the control and care of the department of corrections under an interagency agreement shall be housed and managed separately from offenders in the custody of the department of corrections, and except for occasional instances of supervised incidental contact, shall be segregated from such offenders. **If the department of mental health and the department of corrections have entered into an interagency agreement as provided in this subsection, the department of corrections is authorized to enter into one or more contract agreements as may be necessary to perform the agreed upon responsibilities of the department of corrections under the interagency agreement including, but not limited to, a contract agreement with one or more licensed professionals or providers of health care services to provide health care services to the persons identified in this subsection.**

7. **The department of mental health is authorized to enter into a contract agreement with one or more licensed professionals or providers of health care or mental health care services to provide health care or mental health care services to persons ordered to the department of mental health after a determination by the court that such persons may meet the definition of a sexually violent predator, persons ordered to the department of mental health after a finding of probable cause under section 632.489, and persons committed for control, care, and treatment by the department of mental health under sections 632.480 to 632.513.**

8. If the court or jury is not satisfied by clear and convincing evidence that the person is a sexually violent predator, the court shall direct the person's release.

[7-] 9. Upon a mistrial, the court shall direct that the person be held at an appropriate secure facility, including, but not limited to, a county jail, until another trial is conducted. If the person is ordered to the department of mental health, the director of the department of mental health shall determine the appropriate secure facility to house the person. Any subsequent trial following a mistrial shall be held within ninety days of the previous trial, unless such subsequent trial is continued as provided in section 632.492.

632.504. Nothing in sections 632.480 to 632.513 shall prohibit a person from filing a petition for release pursuant to sections 632.480 to 632.513. However, if a person has previously filed a petition for release without the ~~director's~~ **director of the department of mental health's** approval and the court determined either upon review of the petition or following a hearing that the petitioner's petition was frivolous or that the petitioner's condition had not so changed that the person was safe to be at large, then the court shall deny the subsequent petition unless the petition contains facts upon which a court could find the condition of the petitioner had so changed that a hearing was warranted. Upon receipt of a first or subsequent petition from committed persons without the director's

approval, the court shall endeavor whenever possible to review the petition and determine if the petition is based upon frivolous grounds and if so shall deny the petition without a hearing.

The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the

director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental

health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of:

(1) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be at least eight-hundredths of one percent but less than fifteen-hundredths of one percent by weight of alcohol in such person's blood** and who has a prior alcohol-related enforcement contact as defined under section 302.525[~~7~~]; or

(2) **An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood**

shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.440. In addition to any other provisions of law, a court may require that any person who is found guilty of a first intoxication-related traffic offense, as defined in section 577.001, and a court shall require that any person who is found guilty of a second or subsequent intoxication-related traffic offense, as defined in section 577.001, **or any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall not operate any motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device **that the person must use** for a period of not less than six months from the date of reinstatement of the person's driver's license. In addition, any court authorized to grant a limited driving privilege under section 302.309 to any person who is found guilty of a second or subsequent intoxication-related traffic offense **or to any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall require the use of an ignition interlock device on all vehicles operated by the person as a required condition of the limited driving privilege, except as provided in section 302.441. These requirements shall be in addition to any other provisions of this chapter or chapter 577 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is

received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate ~~whether~~ **that** a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts **or to any person whose driving record shows a conviction of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts **or a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person

for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, **or who has been convicted of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered

with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be revoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be revoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.

"632.489. 1. Upon filing a petition pursuant to section 632.484 or 632.486, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such probable cause determination is made, the judge shall direct that person be taken into custody and direct that the person be transferred to an appropriate secure facility, including, but not limited to, a county jail. If the person is ordered to the department of mental health, the director of the department of mental health shall determine the appropriate secure facility to house the person under the provisions of section 632.495.

2. Within seventy-two hours after a person is taken into custody pursuant to subsection 1 of this section, excluding Saturdays, Sundays and legal holidays, such person shall be provided with notice of, and an opportunity to appear in person at, a hearing to contest probable cause as to whether the detained person is a sexually violent predator. At this hearing the court shall:

(1) Verify the detainee's identity; and

(2) Determine whether probable cause exists to believe that the person is a sexually violent predator. The state may rely upon the petition and supplement the petition with additional documentary evidence or live testimony.

3. At the probable cause hearing as provided in subsection 2 of this section, the detained person shall have the following rights in addition to the rights previously specified:

(1) To be represented by counsel;

(2) To present evidence on such person's behalf;

(3) To cross-examine witnesses who testify against such person; and

(4) To view and copy all petitions and reports in the court file, including the assessment of the multidisciplinary team.

4. If the probable cause determination is made, the court shall direct that the person be transferred to an appropriate secure facility, including, but not limited to, a county jail, for an evaluation as to whether the person is a sexually violent predator. If the person is ordered to the department of mental health, the director of the department of mental health shall determine the appropriate secure facility, which may include **the department of corrections or** a county jail as set forth in section 632.495, to house the person. The court shall direct the director of the department of mental health to have the person examined by a psychiatrist or psychologist as defined in section 632.005 who was not a member of the multidisciplinary team that previously reviewed the person's records. In addition, such person may be examined by a consenting psychiatrist or psychologist of the person's choice at the person's own expense. Any examinations ordered shall be made at such time and under such conditions as the court deems proper; except that, if the order directs the director of the department of mental health to have the person examined, the director shall determine the time, place and conditions under which the examination shall be conducted. Any examination performed pursuant to this section shall be completed and filed with the court within sixty days of the date the order is received by the director or other evaluator unless the court for good cause orders otherwise. One examination shall be provided at no charge by the department. All costs of any subsequent evaluations shall be assessed to the party requesting the evaluation.
