

# JOURNAL OF THE HOUSE

Second Regular Session, 103rd General Assembly

SIXTY-FIRST DAY, THURSDAY, APRIL 30, 2026

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

*From the rising of the sun unto the going down of the same the Lord's name is to be praised. (Psalm 113:3)*

Almighty God, our loving heavenly creator, who covers the world with beauty, by whose law the planets keep their courses, and by whose creative thought life has risen on this planet, make us conscious of Your presence and help us to be patient and strong in You.

May the thoughts of our minds be channels for Your ways. May the dreams in our hearts fulfill Your purposes for our state and for our citizens. May the work of our hands weed out unnecessary stress and cultivate the seeds that flower into justice for all and peace in our chamber.

To this end, guide the Members of the People's House and all who labor with them. Ennoble their lives by Your presence, that they may be, for this generation, a channel of Your peace through which Your kingdom may come and Your will be done on earth.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Bryce Benard Gales-Smith Jr.

The Journal of the sixtieth day was approved as printed by the following vote:

*House Amendment No. 1*

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 1233, Page 7, Section 324.001, Line 188, by inserting after all of said section and line the following:

"324.004. 1. Any person who has at least three years of work experience in an occupation or profession in another state, the District of Columbia, or any combination of such jurisdictions, and whose work experience involved the practice of an occupation or profession for which a license is not required in the jurisdiction or jurisdictions in which the person worked but is required in this state, may submit an application for a one-time nonrenewable two-year temporary license in this state in the occupation or profession, along with proof of at least three years of work experience in the occupation or profession and a fee as set by regulation of the oversight body, to the relevant oversight body in this state. The oversight body shall make a determination of qualification within forty-five days of receiving a completed application.

2. The oversight body shall require an applicant under this section to take and pass the examination specific to the occupation or profession which is required for licensure by those individuals applying pursuant to the provisions of the oversight body's statutory and regulatory authority. An oversight body that administers an examination on the laws of this state as part of its licensing application requirements may require an applicant under this section to take and pass an examination specific to the laws of this state.

3. The oversight body shall not issue a one-time nonrenewable temporary license to any applicant described in subsection 1 of this section who has had any license in the relevant occupation or profession revoked by an oversight body outside of this state, who is currently under investigation, who has a complaint pending, or who is currently under disciplinary action.

4. (1) Except as provided in subdivision (2) of this subsection, applicants for the one-time temporary nonrenewable license under this section shall be citizens of the United States or lawfully present noncitizens authorized to work in the United States under federal law and shall submit legal proof of citizenship or employment authorization that is acceptable for the employment eligibility verification under federal law as part of the application. If the holder of a one-time nonrenewable temporary license issued under this section loses lawful presence or federal work authorization, the one-time nonrenewable temporary license shall automatically be revoked.

(2) Applicants for the one-time nonrenewable temporary license under this section in an occupation regulated by the board of therapeutic massage shall be citizens of the United States and shall submit legal proof of citizenship as part of the application.

5. If an applicant is not currently residing in this state, the oversight body shall conditionally approve the application contingent upon receipt of proof of domicile in this state within sixty days of the applicant receiving the temporary license. If the applicant fails to provide proof within sixty days of receiving the temporary license, the oversight body may terminate the temporary license and the applicant may reapply for a temporary license.

6. The provisions of this section shall not apply to the following:

(1) Any occupation whose oversight body has entered into a licensing compact with another state for the regulation of practice under the oversight body's jurisdiction. The provisions of this section shall not be construed to alter the authority granted by, or any requirements promulgated pursuant to, any interjurisdictional or interstate compacts adopted by this state or any reciprocity agreements with other states, and whenever possible the provisions of this section shall be interpreted so as to imply no conflict between it and any compact or any reciprocity agreement with other states;

(2) Any occupation set forth in subsection 6 of section 290.257 or any electrical contractor licensed under sections 324.900 to 324.945;

(3) Any occupation whose regulators or licensees are required to comply with specific federal statutory, regulatory, and administrative requirements in order to practice in this state; or

(4) Assistant physicians licensed under chapter 334.

7. The one-time nonrenewable temporary license shall expire after two years. Upon expiration, the individual shall be required to apply for a permanent license in accordance with the license requirements for the occupation for which he or she held the temporary license.

8. Notwithstanding any other provision of law to the contrary, a license issued under this section shall be valid only in this state and shall not make a licensee eligible to be part of an interstate compact. An applicant who is licensed in another state pursuant to an interstate compact shall not be eligible for licensure by an oversight body under the provisions of this section.

9. Notwithstanding any other provision of law to the contrary, a license issued under this section shall be valid only in this state and shall not make a licensee eligible to obtain a license by reciprocity in another state.

10. As used in this section, the term "oversight body" means any board, department, agency, or office of a jurisdiction that issues occupational or professional licenses.

11. The division of professional registration may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2026, shall be invalid and void."; and

Notwithstanding the provisions of subsection 1 of this section, those persons previously qualified for residence who may have a temporary period of incapacity due to illness, surgery, or injury, which period does not exceed forty-five days, may be allowed to remain in a residential care facility or assisted living facility if approved by a physician.

3. Any facility licensed as a residential care facility II on August 27, 2006, shall be granted a license as an assisted living facility, as defined in section 198.006, on August 28, 2006, regardless of the laws, rules, and regulations for licensure as an assisted living facility as long as such facility continues to meet all laws, rules, and regulations that were in place on August 27, 2006, for a residential care facility II. At such time that the average total reimbursement, not including residents' cost-of-living increases in their benefits from the Social Security Administration after August 28, 2006, for the care of persons eligible for Medicaid in an assisted living facility is equal to or exceeds forty-one dollars per day, all facilities with a license as an assisted living facility shall meet all laws, rules, and regulations for licensure as an assisted living facility. Nothing in this section shall be construed to allow any facility that has not met the requirements of subsections 4 and 6 of this section to care for any individual with a physical, cognitive, or other impairment that prevents the individual from safely evacuating the facility.

4. Any facility licensed as an assisted living facility, as defined in section 198.006, except for facilities licensed under subsection 3 of this section, may admit or retain an individual for residency in an assisted living facility only if the individual does not require hospitalization or skilled nursing placement, and only if the facility:

(1) Provides for or coordinates oversight and services to meet the needs of the resident as documented in a written contract signed by the resident, or legal representative of the resident;

(2) Has twenty-four-hour staff appropriate in numbers and with appropriate skills to provide such services;

(3) Has a written plan for the protection of all residents in the event of a disaster, including keeping residents in place, evacuating residents to areas of refuge, evacuating residents from the building if necessary, or other methods of protection based on the disaster and the individual building design;

(4) Completes a pre-move-in screening with participation of the prospective resident;

(5) Completes for each resident a community-based assessment, as defined in subdivision (7) of section 198.006:

(a) Upon admission;

(b) At least semiannually; and

(c) Whenever a significant change has occurred in the resident's condition which may require a change in services;

(6) Based on the assessment in subsection 7 of this section and subdivision (5) of this subsection, develops an individualized service plan in partnership with the resident, or legal representative of the resident, that outlines the needs and preferences of the resident. The individualized service plan will be reviewed with the resident, or legal representative of the resident, at least annually, or when there is a significant change in the resident's condition which may require a change in services. The signatures of an authorized representative of the facility and the resident, or the resident's legal representative, shall be contained on the individualized service plan to acknowledge that the service plan has been reviewed and understood by the resident or legal representative;

(7) Makes available and implements self-care, productive and leisure activity programs which maximize and encourage the resident's optimal functional ability;

(8) Ensures that the residence does not accept or retain a resident who:

(a) Has exhibited behaviors that present a reasonable likelihood of serious harm to himself or herself or others;

(b) Requires physical restraint;

(c) Requires chemical restraint. As used in this paragraph, the following terms mean:

a. "Chemical restraint", a psychopharmacologic drug that is used for discipline or convenience and not required to treat medical symptoms;

- b. "Convenience", any action taken by the facility to control resident behavior or maintain residents with a lesser amount of effort by the facility and not in the resident's best interest;
  - c. "Discipline", any action taken by the facility for the purpose of punishing or penalizing residents;
  - (d) Requires skilled nursing services as defined in subdivision (23) of section 198.006 for which the facility is not licensed or able to provide;
  - (e) Requires more than one person to simultaneously physically assist the resident with any activity of daily living, with the exception of bathing and transferring;
  - (f) Is bed-bound or similarly immobilized due to a debilitating or chronic condition; and
  - (9) Develops and implements a plan to protect the rights, privacy, and safety of all residents and to protect against the financial exploitation of all residents;
  - (10) Complies with the training requirements of subsection 7 of section 192.2000.
5. Exceptions to paragraphs (d) to (f) of subdivision (8) of subsection 4 of this section shall be made for residents on hospice, provided the resident, designated representative, or both, and the assisted living provider, physician, and licensed hospice provider all agree that such program of care is appropriate for the resident.
6. If an assisted living facility accepts or retains any individual with a physical, cognitive, or other impairment that prevents the individual from safely evacuating the facility with minimal assistance, the facility shall:
- (1) Have sufficient staff present and awake twenty-four hours a day to assist in the evacuation;
  - (2) Include an individualized evacuation plan in the service plan of the resident; and
  - (3) Take necessary measures to provide residents with the opportunity to explore the facility and, if appropriate, its grounds; and
  - (4) Use a personal electronic monitoring device for any resident whose physician recommends the use of such device.
7. An individual admitted or readmitted to the facility shall have an admission physical examination by a licensed physician, **advanced practice registered nurse, or physician assistant**. Documentation should be obtained prior to admission but shall be on file not later than ten days after admission and shall contain information regarding the individual's current medical status and any special orders or procedures that should be followed. If the individual is admitted directly from a hospital or another long-term care facility and is accompanied on admission by a report that reflects his or her current medical status, an admission physical shall not be required.
8. Facilities licensed as an assisted living facility shall disclose to a prospective resident, or legal representative of the resident, information regarding the services the facility is able to provide or coordinate, the costs of such services to the resident, and the resident conditions that will require discharge or transfer, including the provisions of subdivision (8) of subsection 4 of this section.
9. After January 1, 2008, no entity shall hold itself out as an assisted living facility or advertise itself as an assisted living facility without obtaining a license from the department to operate as an assisted living facility. Any residential care facility II licensed under this chapter that does not use the term assisted living in the name of its licensed facility on or before May 1, 2006, shall be prohibited from using such term after August 28, 2006, unless such facility meets the requirements for an assisted living facility in subsection 4 of this section. Any facility licensed as an intermediate care facility prior to August 28, 2006, that provides the services of an assisted living facility, as described in paragraphs (a), (b), and (c) of subdivision (6) of section 198.006, utilizing the social model of care, may advertise itself as an assisted living facility without obtaining a license from the department to operate as an assisted living facility.
10. The department of health and senior services shall promulgate rules to ensure compliance with this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void."; and

The light is measured by a silicon cell type light meter that is located at the sensor and pointing in the same direction as the sensor. A photo gray card is placed at ground level to simulate the road surface in testing downward pointing sensors;

(7) Means shall be provided so that both the lower and upper beam function at design voltage when the headlamp control switch is in either the lower or upper beam position when the modulator is off.

2. Each motorcycle headlamp modulator not intended as original equipment, or its container, shall be labeled with the maximum wattage, and the minimum wattage appropriate for its use. Additionally, each such modulator shall comply with the provisions of subdivisions (1) to (7) of subsection 1 of this section when connected to a headlamp of the maximum-rated power and headlamp of the minimum-rated power, and shall provide means so that the modulated beam functions at design voltage when the modulator is off. Instructions, with a diagram, shall be provided for mounting the light sensor including location on the motorcycle, distance above the road surface, and orientation with respect to the light.
