

HB 1665 -- RIGHTS OF HOLDERS OF A CONCEALED CARRY PERMIT OR
ENDORSEMENT

SPONSOR: Seitz

Currently, there are certain specified places that a concealed carry permit holder is prohibited from carrying a concealed firearm.

This bill states that a homeowners' association, condominium owners' association, property owners' association, master association or any other similar superordinate entity cannot infringe upon the right to carry concealed firearms of any person who:

- (1) Is an owner or occupant of a condominium or house that is controlled by any such association or entity; and
- (2) Is lawfully in possession of a valid concealed carry permit, a concealed carry endorsement, or a valid concealed carry permit or endorsement issued by another state or a political subdivision of another state.

This right to carry concealed firearms will extend to privately owned property, common elements, limited common elements, parking areas, and all ingress and egress routes, paths, and areas regardless of use or purpose.

This bill is similar to HB 1415 (2025).
