

HB 1786 -- MSHP VEHICLE PURCHASE LIMIT

SPONSOR: Voss

Currently, there is a fund called the "Highway Patrol's Motor Vehicle, Aircraft, and Watercraft Revolving Fund" that is used for the purchase of motor vehicles, aircrafts, and watercraft for the highway patrol. Prior to obligating funds for the purchase of an individual unit that costs in excess of \$100,000, the highway patrol must receive a specific appropriation from the General Assembly for that particular purchase. This bill increases the purchase price to be in excess of \$500,000.
