

HB 1827 -- DISABLED LICENSE PLATES AND PLACARDS (Violet)

COMMITTEE OF ORIGIN: Standing Committee on Health and Mental Health

This bill adds occupational therapists to the list of licensed professionals who can issue a statement so that disabled plates or a disabled windshield placard can be obtained by a patient.

The bill increases the renewal period for removable windshield disability placards from four years to eight years and requires that the Department of Revenue automatically renew current valid disabled placards for eight years or for the duration that correlates with the disabled person's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.

This bill is similar to SB 616 (2025).
