

HB 1983 -- MOTOR VEHICLES

SPONSOR: Cook

Currently, safety inspections are not required for registration of a motor vehicle having less than 150,000 miles for the 10 year period following the model year of manufacture.

This bill changes that exemption to motor vehicles having less than 150,000 miles or a model year of 2000 or newer.

This bill is similar to HB 799 (2025).
