

HB 2394 -- LICENSURE RECIPROCITY FOR PLUMBERS

SPONSOR: Falkner

This bill would make any plumber's license granted by a political subdivision in Missouri to a plumber's apprentice, journeyman plumber, or master plumber reciprocal with any other plumber's license required by another political subdivision if the licensee passed an exam approved by the Division of Professional Registration as a requirement for licensure.

This bill is similar to HB 1926 (2024).
