

HB 2509 -- DRIVER'S LICENSES

SPONSOR: Dolan

This bill requires that the application for a driver's license include the option for the applicant to voluntarily identify their race, ethnicity, or national origin. However, that information must not be printed on the license and will only be provided to other branches or agencies of State government for use in research activities and producing statistical reports. The information must be aggregated or made anonymous, and can only be given pursuant to a written memorandum of understanding.
