

HB 2609 -- ELECTRIC VEHICLE CHARGING STATION REQUIREMENTS

SPONSOR: Murphy

This bill requires any political subdivision of the State to pay all costs associated with the installation, maintenance, and operation of any electric vehicle charging station required by an ordinance, resolution, regulation, code, or policy passed by that political subdivision.

No political subdivision may require more than five electric vehicle charging stations per parking lot or infrastructure for future installation of more than five electric vehicle charging stations per parking lot. No ordinance, resolution, regulation, code, or policy that requires electric vehicle charging stations or the infrastructure for their future installation will apply to a parking lot with 30 or fewer parking spaces.

This bill is similar to HCS HB 1511 (2024).
