

HB 2649 -- LICENSURE RECIPROCITY

SPONSOR: Wilson

Currently, any person who holds a valid current license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, can submit an application for a license in Missouri in the same occupation or profession, and at the same practice level, for which he or she holds the current license, along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the relevant oversight body in this state.

This bill adds the United Kingdom to the list of locations where the applicant could have previously held a professional license.
