

HB 2664 -- LIVING DONOR MEDICAL ORDERS FOR MEMBERS OF THE  
MISSOURI NATIONAL GUARD

SPONSOR: Jobe

In this bill, the Missouri Department of the National Guard must establish a program for members of the National Guard who choose to become living organ donors to receive living donor medical orders for purposes of remaining on paid status during the living donation period, to be known as the "Missouri Guaranteed Inclusive Voluntary Exceptional Service (MO GIVES) Program". Qualifications for the Program are specified in the bill.

The bill creates the "MO GIVES Fund", in the State Treasury. Moneys in the fund will be used to provide benefits under the Program.
