

HB 2919 -- MISSOURI GAMING COMMISSION

SPONSOR: Sassmann

Currently, there is an admission fee of \$2.00 for each person embarking on an excursion gambling boat with \$1.00 credited to the Gaming Commission Fund and \$1.00 credited to the home dock city or county. This bill authorizes the Missouri Gaming Commission to annually adjust the fee for inflation and changes the distribution for \$1.00 or 50%.

Currently, the Commission distributes excess moneys in the Gaming Commission Fund for certain purposes. This bill provides for a distribution of \$15 million to the Department of Natural Resources Historic Preservation Fund for the purpose of preserving and protecting collections of historic artifacts.

This bill is the same as SB 1432 (2026).
