

HB 3377 -- LOCAL GOVERNMENT EMPLOYEES' RETIREMENT

SPONSOR: Whaley

Currently, political subdivisions can elect to cover certain employees as public safety personnel members for the purposes of the Missouri Local Government Employees' Retirement System. This bill adds road crew workers and lineworkers to the list of workers that may be considered public safety personnel members of the system. The minimum service retirement age for members of the system who are public safety personnel is 55 years old.
