

HB 3421 -- TRANSFER OF CERTAIN DUTIES OF DOR TO MODOT

SPONSOR: Riggs

Currently, the Department of Revenue (DOR) administers the registration and licensing of motor vehicles and processes driver's and commercial driver's licenses. The DOR contracts with private entities to operate license fee offices across the State.

This bill transfers the powers and duties of DOR related to driver's licenses, commercial driver's licenses, and the registration and licensing of motor vehicles to the Department of Transportation (MoDOT).

The bill repeals the section of law authorizing DOR to contract with private entities to operate license fee offices.
