

HB 3445 -- LICENSED CHILD CARE FACILITIES

SPONSOR: Schmidt

The bill requires a licensed child care facility that enrolls a child who requires a medical provider statement of special needs to do the following, if parental permission is provided:

- (1) Refer the child's family to local or private agencies to support the child and child's family;
- (2) Collaborate with local or private agencies to ensure the needs of the child are met;
- (3) Coordinate with local educational agencies for a specialized care plan when the child reaches three years of age;
- (4) Prepare a specialized care plan to ensure the best practices for the child are followed; and
- (5) Provided training to child care facility staff members to support the needs of the child.
