

HJR 111 -- TAXATION

SPONSOR: Coleman

Currently, the State's Constitution requires rollbacks in property tax levies in certain situations. However, the Kansas City Public Schools are exempt from this provision.

Upon voter approval, this proposed constitutional amendment would remove the Kansas City Public Schools exemption.

Beginning January 1, 2027, the operating levy of the Kansas City Public School District must be set to the rate at which the school district would receive:

(1) The same amount of property tax revenue that it received in the 2026 tax year; and

(2) An additional percentage of property tax revenue that is to be calculated by multiplying the amount of the revenue received in the 2026 tax year by the percentage increase in the Consumer Price Index over the 12-month period from December 2025 to November 2026.

This resolution provides ballot language for the proposed amendment.

This bill is similar to HJR 116 (2024).
